

Take your students to the beach!

Participate in the exciting environmental education program,

KEY TO THE SEA

where your classroom meets the ocean

Key to the Sea offers FREE*:

- Teacher professional development workshops
- Hands-on curriculum aligned to state standards
- Beach Exploration field trip
- Photos and enviro-frames
- Marine conservation & watershed stewardship activities

Key to the Sea serves LA County elementary school teachers and students (K-5).

*Some field trip centers may have additional costs. Buses are not provided, though some funding may be available – please contact us for details.

Centers and Partnering Organizations Include:
